FACTOIDS

There are only four words in the English language which end in "DOUS" and they are: tremendous, horrendous, stupendous and hazardous. Your stomach has to produce a new layer of mucus every two weeks, otherwise it will digest itself. The QE2 moves only six inches for each gallon of diesel burned. Peanuts are one of the ingredients of dynamite. Maine is the only state whose name is just one syllable....an yes there are more in the future...!

THE EYE OF THE NAVIGATOR

The American Way, The 4th of July, the Knights!

It would take Superman to be all that! Remember Superman, "Back in the Day?"

The opening lines, "Fighting an unending battle for Truth, Justice and the American Way," brought a thump to the chest. A child acting like Superman would stand boldly, chest swollen, flag flying, challenging any evil doer.

Define the American Way. Have someone today explain the American Way as it might have meant during the Revolution or other key moments during the history of the United States.

One meaning of the American Way is that the individual can build a better life through a work ethic. Another is the American Way also stems from the American Revolution and the ideals about the new country that the Founding Fathers wrote down. Ideals like: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable)

Rights that among these are Life, Liberty and the pursuit of Happiness." (Declaration of Independence)

The Knights jump in to strengthen what the Founding Fathers noted in the Declaration of Independence: ENDOWED BY THEIR CREATOR. We, the Knights of Columbus, 4th Degree stand by the Cross, we hold to ONE NATION UNDER GOD.

We need a few more "supermen" to stand with us, stand with us for Life, stand with us for humanity issues, and a Nation under God. These supermen are in our Councils. We need to reach out and encourage them to be Candidates for the Exemplification in November.

Illusions of Poetry?

THE TROUBLE WITH WORDS AND THEIR USE

One of life's biggest problems is words
Far too often others misuse them
And when they want to make a point
That's when they most abuse them

The words "honest" and "politician"
Are an obvious contradiction
Also, "fairness" and "integrity"
Not said with much conviction

And why use twenty-five cent words
When mere five-cent words will do?
Why make a long-winded speech
When brevity is just as true?

Words we use are what causes friction
Yet we don't want any restriction
Quandaries like these are certainly many
But how boring would life be
Without any?

Editor's Comment---Some Thoughts About Human Life

THIS IS NOT INTENDED TO BE AN ELOQUENT TREATISE....JUST SOME FOOD FOR THOUGHT WRITTEN BY A CHRISTIAN LAYMAN

PREAMBLE TO A LIST OF QUESTIONS NOT ANSWERED IN THIS DOCUMENT

The K of C, both locally and nationally are accepting donations to purchase ultra sound devices and many of those devices are already in place throughout the nation. Why is this endeavor taking place? Is there something to prove by buying, donating and using these machines? Why are these machines used for examining the wombs of expectant mothers? What's the point?

1. Can you identify human life outside the womb?
2. Can there be human life inside the womb?
3. When does human life begin within a female?
4. Can pre-born human life be identified and how?
5. Under whose authority can a government or court set a time for the beginning of human life?
6. Under whose authority can a government or court set a time allow the ending of human life in a female?
7. Can a government set rules to govern specific means to end unborn human life?
8. Define ectopic pregnancy?
9. What is the difference between homicide and abortion?
10. Why in 29 States, does the homicide of a pregnant female result in charges of double murder?
11. Why does the Federal Constitution grant protections to a pregnant woman and not to another human within her?
12. Does the human exiting the womb [birth] gain Constitutional rights?
13. What is the purpose of a government granted Birth Certificate? To declare the born as human?
14. Can a child be aborted via partial-birth abortion, or does Federal Constitutional protection takeover?
15. As alluded to in Q-3, if a new life form is created by union of sperm & egg, can you provide a rebuttal?
16. For those who argue that the unborn human does not become human until a certain date and before that date, can be eliminated, then exactly "when does this human life form become a child"?
17. For those who can admit that a human life exists within the womb, however continues to 'evolve' into a child, and this evolution did begin at the embryonic stage...so when does this 'evolution' of human life evolve into human life? Sounds contradictory...and it is!
18. Is growth the same thing as evolution? Or is growth an "upgrade" from more primitive existence?

Go to Page 8

From Page 7

19. As a baby grows and develops through adolescence and adulthood, do you define this as evolution or growth?
20. What does "Pro-Choice" mean?
21. A paid "Medical Provider" that directly causes the death to a human wherein there is no evidence of illness either in the unborn or mother-to-be; performs what type of health benefits?
 - Ø There are many more questions. Perhaps all this boils down to the fact that human life is NOT considered that...until some entity declares life to be valid and before that stamp of validity is affixed, life is not protected.
 - Ø There are murders committed every few minutes, most done out of hatred. Do we exercise this same hatred in regard to the innocents? If you can honestly answer all the questions posed, you may change your attitude toward abortion. Thank you for your indulgence!!
